Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The first paragraph of the specification has been rewritten as follows:

-- RELATED APPLICATIONS

This application is a continuation of U.S. Patent Application Serial No. 10/183,305 filed June 27, 2002, now U.S. Patent No. 6,618,880, the entire disclosure of which is expressly incorporated herein by reference.--

Claim 27 has been amended as follows:

27. (Amended) The sidewall of claim 10 wherein the impermeable [material] --inner wall-- is water resistant.

The above amendment makes the language of claim 27 consistent with the language of claim 10, and removes a possible §112 rejection of the phrase "impermeable material" for lacking antecedent basis.
